Metered PDU Dreiphasig, 400V AC, 32A, 36 Ports 24 x IEC C-13 12 x IEC C-19

SKU	ECX- MV1724120-T
Produkt Verfügbarkeit	delivery time on request
sockets	C-13 & -C19 sockets
voltage	400 Volt
phases	three-phase
PDU Typ	

Input Metered PDUs

The Enconnex PDU distributes power to devices in the rack configured with premium high-temperature, branch-rated hydraulic-magnetic circuit breakers. Labeled outlets and circuit breakers allow easy identification of circuit configuration for reduced connectivity errors. Ultra-low profile design reduces space when installed in the IT cabinet and improves airflow efficiency.

In addition to the features of the Basic PDU, a hot-swappable network management card allows for future upgrades and enhanced MTTR. Up to 8 optional environmental sensors can be connected and managed through each PDU.
