The CL6700 features an integrated 17.3" LED-backlit LCD panel, a full keyboard, and a touchpad in a 1U rack-mountable sliding housing with audio support. The CL6700 LCD console provides front end access to compatible KVM switches utilizing space with a module that closes flat and slides into the rack.

Users who already have a switch can take advantage of the space saving and efficiency benefits of the CL6700 LCD console without the unnecessary expense of having to purchase a KVM switch. This model provides convenient 'at the rack' console access to KVM switches already installed at your site.

CL6700N: 19" LCD screen with resolution of 1280 x 1024
